— The FY2027 President's Budget Request restructures the Environmental Health Laboratory program. The individual Environmental Health Laboratory sub-program items are not separately funded in the Request.

\* The FY2027 President's Budget proposes shifting Childhood Lead Poisoning Prevention funding from the Prevention and Public Health Fund (PPHF) to discretionary funding.

Note: Comparisons are anchored to the FY2026 CDC Operating Plan structure to facilitate consistent tracking of program-level funding changes across the FY2027 President's Budget Request and House Appropriations Committee proposal. In some cases, program groupings, hierarchies, or funding structures differ across budget documents; figures are aligned to the FY2026 structure.
